

Ms. Rudy

2nd Grade

Newsletter

September 2-5

Here are our standards for the week:

Math:

Students will fluently add whole numbers and solve word problems within 1000 with and without regrouping.

Language Arts:

Students will create and answer their own clarifying questions, highlight where in the story they located the answers, and write the summary of the story in their own words using a given literary text.

Writing:

Students will continue to write a well-organized narrative that includes a strong sense of main ideas, characters, details, sequence of events, and a sense of closure.

Spelling List

woke
use
role
rose
rode
close
pole

Science:

Students will tell what specific animal structures do.

Social Studies:

Students will explain how people work together to identify and solve problems within our world.

All students have completed diagnostic testing and are able to access www.i-ready.com from home! The passwords are on the back of their folders. This is an excellent way to advance their math skills!

Intervention begins Tuesday, September 2 for selected students. Please note if your student has been chosen for during or afterschool session as I do three separate sessions.

Thank you for doing such a good job with reading homework with your child!
